

(A Selection from an Epic poem)  
"The Comet."  
"Yet and on the comet's fiery trail,  
Thou art, who of experience (best of schools)  
Learned life's meanderings by its practiced  
rules;  
Its steady, and its quick, with a pilot's  
skill  
He close inspects, or steers far from at will.  
The freshman trims his sails for favoring  
winds  
And launching out, leaves Counsel far behind,  
Glides o'er the lake, like yacht 'neath easy  
sail  
And feels no danger, till he breaks the gale.  
Now down like eagle swooping o'er its prey  
With lightning speed, the Comet shot his  
way.  
Its blazing head diminished the lesser light.  
Of meteors, asteroids, and planets bright.  
Since Luna with majestic grandeur rolled  
Her diamond orb, upon the face of gold.  
Oh, radiant queen! fill now your golden  
Love  
Unrivaled queen; while proud Minerva  
strove  
With Amazonian mien, and languid smile to  
win  
The golden fruit, which discord's jealous  
queen  
Had vengeful cast, amid the courtly guests  
Viewing resplendent, at Pelus' nuptial feast.  
The glittering prize, vain Juno deemed her  
own  
And urged the Shepherd by a princely throne  
To name her fairest.  
Then Venus, queen of laughter, pleasure,  
grace,  
Bade the young umpire, judge the fated  
case.  
Thou, queen of Love, hast all the Gods en-  
slaved,  
And men alike, yet none hath respite craved,  
To base pretender whom presumption made  
Aspirant for the glittering bauble, fame!  
More tempting as the obscure, plebeian name,  
Grew gracious on the praise of cabalery,  
And loomed like pyramid above obscurity.  
The warring, vassallizing, fawning crowd,  
To-day about "The Comet," to-morrow loud,  
With equal argument, for the wreath  
Yet green with freshness of the trudging's  
breath.  
Or German prince, possessed of acres few  
And threadbare title past many ages new  
With an achieved by grandeur's knightly  
troop,  
Of unmatched deeds which at his mortgaged  
board,  
The dolt recites, an hundredth time or more,  
"Thou art, who of experience (best of schools)  
Learned life's meanderings by its practiced  
rules."  
The bankrupt squire, sons the helm of fame  
With lordly strut, my prince surveys his  
grunds  
Nor lingers for breakfast though he walks  
their grounds.  
Oh! parent Name, thou evanescent glare  
When hatched with man how extremely rare,  
Not unlike Luna, whose face throws dazzling  
sheen  
O'er sleeping lake, and bordering Sylvan  
scene  
Shrines, presumptive, gorgeous in her rays  
Of borrowed essence from a brighter blaze.  
So unseen merit oftentimes hides its head,  
Like Luna at night, "Perseus" rules in-  
stead.

The great natural curiosity known as  
Sunken Lake, is situated in the Cascade  
Mountains, about seventy-five miles  
North-east of Jacksonville, Oregon. The  
walls are 2,000 feet high, and almost per-  
pendicular, running down into the water,  
and leaving no beach. The depth is un-  
known, the surface is smooth and un-  
ruffled, and it lies so far below the surface  
of the mountain that the air currents do  
not affect it. Its length is estimated at  
twelve miles, and its breadth at ten. No  
living man has, it is said, ever reached  
the water's edge. The lake lies "silent,  
still and mysterious, in the bosom of the  
everlasting hills, like a huge well scooped  
out by the hands of genii."

K. K. K.—The gentlemen who were  
arrested in Sumter and indicted on the  
charge of being connected with the party  
of men who last October, made threats  
against Mrs. DeBree and Mr. Robertson,  
and afterwards burnt their stores, have  
all been discharged. In the strongest  
case, in which Mr. Robertson and his  
employee swore to the identity of three  
of the party, the accused were acquitted,  
having proved by the most conclusive  
and unimpeachable testimony, that Mr.  
Robertson and his map were "entirely  
mistaken in their suspicions."

But the gin-house of Dr. J. B. With-  
erspoon, three miles from Sumter, was  
burned on Friday, and the gin-house of  
Mr. T. B. Fraser was burned on the pre-  
vious night. These are the natural re-  
sults of Governor Scott's proclamation,  
which was a plain invitation to the ne-  
groes to take the law into their own  
hands.

Mrs. Wilcox thinks women could  
vote and do a good deal of man's work,  
but when she comes to drilling rocks she  
would get the back-ache.

**HENRY'S**  
CONSTITUTION RENOVATOR,  
OR  
BLOOD CLEANSER.  
This medicine is known to the faculty as  
being the concentrated fluid extract of Sar-  
saparilla, united with other valuable medi-  
cinal herbs, and is guaranteed to be  
pure.  
It is the best remedy for  
SCROFULA AND CONSUMPTION.  
This remedy is compounded expressly for  
purifying and cleansing the blood, and all  
infirmities, going at once to the fountain-head  
of disease. It extinguishes  
Pimples, Consumption, Syphilis, Skin Eruptions,  
Salt Rheum, Boils, Rheumatism,  
Warts of Ventrals, Scrofula.  
We all know that the promiscuous vaccina-  
tion indulged in during the late war, bred the  
most virulent diseases. Vaccination was  
taken from the arms of many persons  
full of scrofulous sores.  
Then, of course the impurities of the scro-  
fulous nature were absorbed into the blood, and  
became infected alike. Men, women and  
children throughout all the West are most  
wofully diseased from this cause, and knew  
not, until a few months ago, the origin of it.  
HENRY'S CONSTITUTION RENOVATOR  
Relieves the Entire System of Pains and  
aches, cures the skin, and sends new  
blood  
BOUNDING THROUGH EVERY VEIN.  
It imparts a  
Sparkling Brightness to the Face,  
A Rosy Glow to the Cheek,  
A Ruby Tinge to the Lips,  
A Clearness to the Hands,  
Brightness to the Complexion,  
Buoyancy to the Spirits,  
And Happiness on all Sides.  
For all affections of the kidneys, it is un-  
passed.  
People have been rescued, as it were, from  
the very jaws of death, by a timely use of  
this great remedy.  
EXTRACTS FROM VARIOUS LETTERS.  
"Doctor, I was vaccinated in the hospital  
before that I had no skin disease. Until I  
had a bottle of your 'Constitution Renovator,'  
sent me by Mr. Roper, of Columbia, Mo., I  
suffered tortures with running sores. Since  
I used two bottles I am all well except a  
small sore on the calf of my leg, and that is  
getting well fast."  
This from a lady. "And now my skin is  
as clear and fair as a babe's. My complexion,  
thanks to your 'Renovator,' is beautiful."  
"Yes, yes, I may well say such relief was  
unknown to me before. I enclose five  
dollars for six bottles. Two families here  
want to try it."  
"I was very much troubled with syphilis.  
Your remedy seems to be curing me fast.  
Send 4 bottles per Express."  
"No more rheumatism." Three bottles of  
Constitution Renovator have made me a new  
man."  
"Doctor enclosed \$15. Please send me  
a supply. Two families here want to try  
your Constitution Renovator."  
We have not space for more of the above  
extracts, but you can ask your neighbor  
about the remedy. Every one has something  
good to say as it cures every time.  
FOR ALL DISEASES OF THE  
KIDNEYS, RETENTION OF THE URINE,  
&c., &c.  
And for Female Diseases,  
Nervous Prostration, Weakness, General  
Lassitude, and Want of Appetite, it is un-  
surpassed.  
CAUTION.—In ordering, our remedy al-  
ways place the number of our Post-Office  
Box on your letters. The new law in our  
North York Post-Office compels this.

**ETIWAN GUANOS,**  
SOLUBLE MANURES,  
AND  
SULPHURIC ACID,  
MANUFACTURED AT CHARLESTON,  
UNDER THE DIRECTION OF N. A. PRATT, CHEMIST FOR THE  
Sulphuric Acid and Super-Phosphate Company.  
SOLUBLE PHOSPHATE OF LIME, in the form of SOLUBLE PHOSPHATE OF LIME,  
OR DISSOLVED BONE PHOSPHATE, is the basis of all good Fertilizers, and these are  
valuable in the ratio of Soluble Phosphate of Lime which is in them.  
The famous deposits of Phosphate of Lime, which were discovered in 1867, in South  
Carolina, by Dr. PRATT, consist mainly of Insoluble Phosphate of Lime, which is made  
available as a Fertilizer by being ground to powder, and reduced by Sulphuric Acid to such  
a condition as to make it soluble in water, and thus made capable of  
being taken up by growing plants. The insoluble Phosphate found in any commercial Fer-  
tilizer is of no more value to the plant than the original Phosphate rock. The greater the  
proportion of this soluble Phosphate, which any Fertilizer contains, the less the quantity re-  
quired per acre, and consequently the cheaper Fertilizer is that containing the highest per-  
centage of Soluble Phosphate.  
Impressed with these truths the SULPHURIC ACID AND SUPER-PHOSPHATE  
COMPANY have erected at Charleston the first extensive Acid Chambers South of Bal-  
timore, and are able to offer to planters the HIGHEST PER CENTAGE OF SOLUBLE  
PHOSPHATE OF LIME known in any market.  
Their Fertilizers are offered under two forms:  
1. Etivan, No. 1.—PURE SOLUBLE PHOSPHATE, guaranteed to contain 24  
per cent. of Dissolved Bone Phosphate of Lime, 50 per cent. 10 per cent. discount for cash.  
2. Etivan, No. 2.—PERUVIAN GUANO PHOSPHATE, guaranteed to contain  
20 per cent. of Dissolved Bone Phosphate, and 15 to 20 per cent. of Ammonia, with a suf-  
ficient addition of Peruvian Guano to adapt it to all Crops, \$75 per ton, 10 per cent. discount  
for cash.  
WE ALSO OFFER:  
DISSOLVED BONE, of high grade, for planters or manufacturers, who may desire to  
mix into any other compost, and we suggest that this is the best and cheapest method for  
manufacturers to transport the Sulphuric Acid contained in the mixture. Will be sold at a  
fixed rate for each per centage.
